DECISION MAKING FOR LEADERS

www.kepner-tregoe.com

Kepner-Tregoe's Decision Making for Leaders training provides a scalable, systematic approach to making strategic, operational and tactical decisions across your organisation. As pioneers of decision science, Kepner-Tregoe has been helping executives, business leaders and workers at all levels to make difficult decisions for nearly 60 years. This unique, one-day workshop brings that wealth of experience to the classroom so you can learn to avoid decision making biases, practice new skills, and make an immediate impact back on the job.

Key Benefits

- Adopt a disciplined, results-oriented approach to make strategic, operational and tactical decisions across your organisation.
- Discover how to apply KT's decision making process to all types of situations—no matter how complex, overwhelming or unclear.
- Align business strategy to ensure decisions address business needs and goals, from day-to-day operations to longer-term implementations.

You will learn to...

- Ask the right questions to uncover critical data required to make the best decision.
- Understand how to create the perfect decision statement - a critical component of success.
- Identify the key decision objectives that will be used to assess different alternatives.
- Evaluate the relative strengths of each alternative using a quantitative scoring system.
- Assess the risks associated with each alternative.
- Confidently make the best choice that maximizes benefits and minimizes risks.

Audience: Employees at all levels who are required to make or participate in decisions will benefit from this workshop. Well suited for engineering, quality, operations, manufacturing, IT, customer service, marketing, research and development, and maintenance.
